

## Screen printer series

### S-1000S Pneumatic cylindrical/conical screen printer

#### Product Details

1. Microprocessor controls each function with high automation and easy operation;
2. 5 digit auto counter built in;
3. It has function of cylindrical printing and conical printing;
4. Auto ink scraping and flooding and worktable elevating make operation easy and ensure stable printing quality;
5. printing stroke and speed are adjustable to meet different printing requirements;
6. Auto balanced squeegee ensures equalized printing pressure;
7. Worktable can be adjustable up/down, left/right and rotated slightly. Screen frame can be finely adjusted forward/backward, left/right and up/down. Printing precision is high and adjustment easy;
8. Squeegee can be finely adjusted left/right. Substrate alignment is quick and precise;
9. Safety hood is equipped to meet European safety standard and ensure safety.

Max. Frame size	1180x380 mm
Max. printing speed	500 pcs/hr
Max. printing area	-
Max. workpiece height	-
Air consumption	90 L/min (6bar)
Dimensions	973x1592x1720 mm
Weight	530 Kg
