

Heat transfer series

HT-700F Pneumatic flat heat transfer machine with rubber roller

Product Details

- 1.LOGO! PLC control with LCD screen, Easy operation;
- 2.Roller transfer stamping with lineable contact to flat which can remove remained air;
- 3.Photoelectric cell control transfer position and paper send regularly method;
- 4.Large size printing. Worktable can be adjusted, to suit for different workpiece;
- 5.Stamping pressure, temperature and speed can be adjusted;
- 6.Built-in 5 figures auto counter;
- 7.Stamping head can be adjusted up-down;
- 8.Paper send/collect can be adjusted auto.
